Features

Rustic Cart:

Our exquisite wooden cart can be used as a sweet cart (we provide tubs, scoops and bags, you just bring along all your favourite sweets).

As well as a traditional 'sweet cart', this can be used for so many other purposes, from displaying your cake, to cheeses, photos, cookies etc!

The cart can be supplied decorated (as shown on the right) with mock foliage, flowers and warm white LED lights, or can be supplied plain for you to dress the way you wish.

Post Box:

Made from reclaimed timber, our post box perfectly compliments the LOVE letters and cart, and can be provided plain or decorated.

LOVE Letters:

Hand-crafted 4ft High illuminated Rustic LOVE Letters, also made from reclaimed wood.

Each letter is approximately 2ft wide.

These letters are lit up with stunning 'warm white' LED bulbs, (do not get hot).
